DISTRICT ROAD FUND.

NOTIFICATION No. 124.

The 3rd April 1888.

THE subjoined accounts and reports of the Road Cess Committees of the districts of Backergunge and Mymensingh for the half-year ending 31st March 1887, together with the remarks thereon of the Commissioner of the Dacca Division, are published for general information.

W. B. BESTIC,

Under-Secretary to the Govt. of Bengal, P. W. Dept.

No. 588, dated Burrisal, the 8th August 1887.

From—H. J. H. FASSON, Esq., Chairman of the District Board, Backergunge,
To—The Commissioner of the Dacca Division.

IN accordance with the instruction conveyed in the Bengal Government Circular No. 6, dated 12th March 1887, received with your No. 30M.R.—R.C., dated 7th April last, I have the honour to submit the following report on the administration of the District Road Fund of this district during half of the cess year 1886-87, from 1st October 1886 to 31st March 1887, together with the detailed accounts of receipts and expenditure for that period.

2. The Road Cess Committee ceased to exist from 1st April from which date the Bengal Local Self-Government Act III (B.C.) of 1885 has come into force in this district.

3. The budget estimate of receipts and expenditure for the whole year from 1st October 1886 to 30th September 1887 was passed at a meeting of the Committee held on 31st August 1886, and approved by the Commissioner by his letter No. 1364M.R.—R.C., dated 28th September 1886.

4. The total income, including the estimated opening balance, was set down at Rs. 1,65,035 and the expenditure at Rs. 1,41,126. A sum of Rs. 52,032 was allotted for original works, Rs. 22,751 for repairs, Rs. 40,572 for establishment, Rs. 7,200 for subsidizing steamer service and Rs. 18,631 for other expenditure leaving a closing balance of Rs. 23,909 from which Rs. 9,701 was subsequently allotted to work.

5. In comparison with the allotment the expenditure on works is very small which is owing to the fact that in this district works chiefly consisting of throwing earth can be done during the four months from February to May, and the works done before the 1st April were not all measured, and could not be paid for before that date.

6. As usual the monthly accounts were audited and submitted to the Accountant-General.

7. The District Committee met twice during the period under report, and the members present took the usual amount of interest in the transaction of business brought before them. The Branch Committees are also reported to have worked well. * * *

8. As in the previous year, the road cess has been levied at half the maximum rate laid down in the Act.

9. The following statement shows the demand, collection and expenditure during the half-year under report and the corresponding half-year of the year preceding. The percentage of collection of cess to total demand during the half-year was 80·12 against 77·61 of the previous year:—

TOTAL DEMAND, INCLUDING ARREARS.		TOTAL COLLECTION.		TOTAL EXPENDITURE.	
1885-86.	1886-87.	1885-86.	1886-87.	1885-86.	1886-87.

10. *Original Works.*—Of the original works undertaken, the following are important and the progress made with them is reported by the District Engineer as follows:—

- (1) *Dowlathkan road bridging.*—Three-fourths of the works of bridges Nos. 1, 2, and 4 finished and work of bridge No. 3 commenced. The roadway of bridge No. 2 has been fitted and finishing remains to be done.
- (2) *Gaspur road bridging.*—Completed.
- (3) *Tarnurhat road bridging.*—Three-fourths of bridge No. 1 done, and manufacture of materials for bridge No. 2 is nearly finished.
- (4) *Harinafula road.*—Greater portion of the remaining earth-work has been done in the first section. Some earthwork has also been done in the third section.
- (5) *Mendigunge road.*—Greater portion of the earthwork is done.
- (6) *Chandakhali khul.*—The project for this work was sanctioned in the middle of March. A contractor was found immediately, who has done a portion of the work.

No progress has been made with the Deuli and Dadhibhanga khals, the estimates of which were sanctioned in the middle of March.

11. *Repairs.*—The District Engineer reports that all the roads and khals under the Committee, for which allotments are made in the Road Cess Budget, have been kept clear of jungle, and earthwork necessary for the proper repair and maintenance of the works undertaken. Dressing of the earth thrown was not properly done before the end of March, and that much damage has been done to the roads by the unusual rise of water in the latter end of May.

12. *Village works.*—No payment was made under this head during the half-year, excepting Rs. 348 in the Patuakhali sub-division. Much earthwork was done in this and the Sudder Sub-division, but no payment could be made as the works were not measured before the end of March. Construction of several wooden bridges sanctioned for the Sudder sub-division was in progress.

13. *Steamer communication.*—The steamer service between Burrisal and Khulna has been regularly maintained by the Bengal Central Flotilla Company, who have been subsidized by the Committee. The service between Burrisal and Patuakhali, which was also subsidized to end of December 1886, has since collapsed.

14. *Arboriculture.*—In this district arboriculture is unnecessary. No fund was provided for in the budget under this head except small sums in the repair estimates for the proper maintenance and protection of the trees already planted.

15. *Establishment.*—There was a change in the Engineering staff. Baboo Jagadish Chandra Roy left the district in November on a mutual transfer, and Baboo Jogendra Nath Ghosh took his place. He has already infused much wanted energy into the department. The present staff under him is considered insufficient owing to the numerous village works they have to supervise. It is contemplated to strengthen it by an addition of two sub-overseers.

16. The different establishments under the Committee worked satisfactorily.

No. 353, dated Mymensingh, the 6th June 1887.

From—E. G. GLAZIER, Esq., &c., Chairman, District Road Committee, Mymensingh,
To—The Commissioner of the Dacca Division.

With reference to Bengal Government's circular No. 6, dated 29th March 1887, copy of which was forwarded with your office No. 30M.R.—R.C. of 7th April 1887, and subsequent No. 507M.R.—R.C. of the 30th idem, I have the honour to submit a report on the working of the Mymensingh District Road Committee for the half-year from 1st October 1886 to 31st March 1887.

2. The Road Cess Act has been in force in this district since October 1875, and this report is for the first-half of the 12th year of its working.

4. The road cess on lands has been levied at the maximum rate of one half-anna on each rupee of the annual value ever since the operation of the Cess Act in this district. The net collections on account of cess on lands during the half-year amounted to Rs. 85,057 against the estimated demand of Rs. 1,45,480 for the year. The arrear at the close of the period was Rs. 19,018, and the percentage of collection on demand was 94.5, as stated in the report of the collection office.

5. The half-yearly account of the District Road Fund was opened with a balance of Rs. 60,599-14-3, and closed with a balance of Rs. 84,087-11-3; the net receipts were Rs. 1,02,979-13-6, and the disbursement Rs. 79,492-0-6 under the prescribed heads of the account. The contribution of Rs. 900 from Government towards the cost of the joint establishment for the collection of road and public works cesses, and that of Rs. 1,025 on Government estates were received during the period. The contribution towards the cost of the revaluation work will be realized from Government, as stated in Board of Revenue's circular No. 4 of August 1883.

6. The expenditure under head "original works" during the half-year under report amounted to Rs. 32,281-2-9 against the allotment of Rs. 1,05,058 for the year on the road works, as shown in the revised budget estimate submitted to you with this office letter No. 102, dated 10th December 1886. The works principally consisted of masonry culverts and bridges with iron tops, earthen glazed pipe culverts, earthwork for raising and improving important district roads. The earthwork of three new district roads (Ramgopalpore to Kishoregunge road, Kateadi to Bazitpore road, and Phulbaria to Tangail road) and of some masonry bridges was begun during the period. Certain masonry bridges, with a timber one in hand during the previous year, were completed during the period under report, and the brick manufacture for certain masonry bridges on the district roads, was in progress. The metalling on a road and three timber bridges on different roads were in progress, and certain ferry boats were also supplied during the period under review. The remaining works as per budget estimate are now in progress.

7. The expenditure under head "repairs" during the half-year under report amounted Rs. 6,416-14-6, against the allotment of Rs. 26,816 for the year, with a view to keep the existing district roads and bridges in passable and good order by maintenance of the surface, slopes and by clearing jungle. The inspection bungalows, with ferry boats on the important roads, were repaired as required. The remaining works as per budget estimate are now in progress.

8. The following statement shows the provision made and expenditure incurred by the district and the branch committees for the village communications under the category of original and repair works:—

				Amount allotted for one year.	Amount expended in half-year.
				Rs.	Rs. A. P.
Sudder	sub-division	5,000	1,241 12 0
Atia	ditto	9,000	4,357 8 0

Netrokona	ditto	9,000	1,555 4 0
Total				36,000	8,278 5 6

The remaining works as per estimates of the sub-divisions are now in progress.

9. In arboriculture a sum of Rs. 80-9-9 was expended for planting and maintaining trees on the district road sides during the half-year under report. A good many jack trees have borne fruit, the sale proceeds of which have been credited to the fund as usual.

10. The subjoined table shows the percentage cost of the different establishments (exclusive of contribution towards the pay and office establishment of Divisional Superintendent of Works) employed under the District Road Committee during the half-year

under review. The total charges on account of establishment and contingencies were below the limit of 25 per cent. of the income, as stated in section 135 of the Cess Act, IX of 1880. The different establishments employed under the committee during the period have worked satisfactorily.

R. C. DUTTA.

Chairman, District Board.

No. 446T., dated Camp Burrisal, the 8th December 1887.

From—W. R. LARMINE, Esq., Commissioner of the Dacca Division,

To—The Secretary to the Government of Bengal, Public Works Department.

IN accordance with the provisions of section 179 of the Cess Act, IX (B.C.) of 1880, I have the honour to submit herewith the accounts and reports of the road cess funds for the districts of Backergunge and Mymensingh for the half-year from 1st October 1886 to 31st March 1887. The reports give full and clear accounts of the various works executed during the half-year. I need therefore only add a few remarks on the general road cess administration in those districts.

2. The Road Cess Committees ceased to exist from 1st April last, from which date the Bengal Local Self-Government Act, III (B.C.) of 1885, came into force in these districts.

* * * * *

4. The road cess was levied at the full rate in the district of Mymensingh, while in Backergunge it was levied at only half rates.

5. The total collections on account of cess on lands in the districts of Backergunge and Mymensingh during the half-year amounted to Rs. 52,154 and Rs. 85,057, against the estimated demand of Rs. 95,735 and Rs. 1,45,480 for the cess year 1886-87 respectively.

6. *Original works.*—The expenditure under this head during the half-year amounted to Rs. 41,215 against an allotment of Rs. 1,57,090 for the cess year, as shown below:—

			Allotment for the year.	Expenditure.
			Rs.	Rs.
Backergunge	52,032	8,934
Mymensingh	1,05,058	32,281
Total			1,57,090	41,215

7. It will be seen from the above that the expenditure under this head in Backergunge was very small in comparison with the allotment made for the year. This has been sufficiently accounted for by the Chairman in paragraph 5 of his report. The money was in all cases judiciously spent on the construction of roads, masonry culverts, and in the bridging of the existing roads.

8. *Repairs.*—All the existing roads, bridges, and khals are reported to have been maintained in an efficient state. The following statement shows the allotments made under this head for the cess year and the expenditure incurred during the half-year:—

			Allotment made.	Expenditure.
			Rs.	Rs.
Backergunge	22,751	2,066
Mymensingh	26,816	6,417

9. *Feeder roads.*—No expenditure was incurred under this head during the half-year in any of the two districts.

10. *Village communications.*—The works under this head, both original and repairs, executed during the half-year were not such as to call for any special remark.

11. *Arboriculture.*—In Backergunge arboriculture is reported to be unnecessary, and consequently no funds were provided for it in the budget. In Mymensingh a sum of Rs. 80-9-9 was expended under this head during the half-year under report.

12. *Steamer service.*—The steamer service between Burrisal and Khulna, for which a subsidy was granted by the Committee, is reported to have been regularly maintained during the half-year while that from Burrisal and Patuakhally for which a subsidy was also granted up to the end of December 1886, has since collapsed.

13. *Meeting.*—The percentage of average attendance of members was not very satisfactory, but the members present are reported to have taken some interest in the transaction of business brought before them.

14. *Auditing.*—The accounts of the district road fund for the half-year were duly audited and submitted to the Accountant-General, Bengal.

15. *Establishment.*—The executive and office staff employed by the Road Cess Committees are reported to have worked satisfactorily.

DISTRICT ROAD FUND.

NOTIFICATION No. 149.

The 30th April 1888.

THE subjoined accounts and reports of the Road Cess Committees of the districts of Hazaribagh, Lohardugga, Manbhoon, and Singhbhoon for the half-year ending 31st March 1887, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

W. B. BESTIC,
Under-Secy. to the Govt. of Bengal.

No. 35D.R., dated Hazaribagh, the 18th July 1887.

From—COLONEL C. H. GARRETT, Chairman, District Road Committee, Hazaribagh,
To—The Commissioner of the Chota Nagpore Division.

AGREEABLY to the instructions contained in the Bengal Government Circular No. 6, dated 29th March 1887, I have the honour to submit herewith a detailed account of receipts and expenditure of the District Road Fund for the half-year from 1st October 1886 to 31st March 1887, together with the following report on the administration of the fund for the same period.

2. During the half-year the District Committee consisted of 25 members, and held three meetings for the transaction of the following business, in all of which a quorum was present * * * :—

- (1). To consider the settlement of a cart serai newly built at Buggodur on the Grand Trunk Road.
- (2). To pass the annual accounts and report for the cess year 1885-86.
- (3). To distribute the grants for the repairs of the several village roads of the district and sundry other matters.

3. The monthly accounts have been regularly audited by a standing Sub-Committee formed under section 174 of the Road Cess Act.

4. The accounts kept in the offices of both the Committee and the District Engineer were inspected by the Examiner of Local Accounts, Bengal, and audited by his Assistant up to February 1887. The points noticed in his report have been attended to.

5. *Branch Committee.*—During the six months under report, the Branch Road Committee at Giridi, which is the only one in the district, held two meetings, each of which was attended by six members.

6. The income of the District Committee is chiefly derived from the road cess. The half-year commenced with an arrear balance of Rs. 178, and as the demand for the half-year was Rs. 36,892 less the sum of Rs. 38 paid in advance in previous years, the net demand realizable was Rs. 37,032. Of this sum Rs. 34,242 were collected during the half-year, leaving a balance of Rs. 2,790 uncollected at its close. Besides the collections stated above, a sum of Rs. 1,911 was collected as advance collection for the next year's demand. From the above it will appear that the result of collection on current demand was on the whole satisfactory, inasmuch as the percentage of collection on current demand was 97, which is above the standard prescribed by law.

7. *Original Works.*—The funds at the disposal of the Committee having been found inadequate to keep up all the existing roads under them, no provision could be made for original work during the period under report. The small allotment made under the head was on account of earthwork, &c., executed during the previous year on the Burhee and Gawan road, which could not in the previous year be paid for in full for want of funds.

8. *Repairs.*—All the repair works estimated for during the past year, whether on metalled or fair weather roads, have been nearly completed, whilst such works as turfing, gravelling, &c., are still in progress. These will be included in the estimates to be submitted under the recent orders of Government changing the cess year, so as to be in keeping with the financial year. The state of most of the roads is generally good, and all of them are suited for wheeled traffic.

9. *Village roads.*—No new village road was made during the half-year under review. The existing village roads have had surface repairs done to them, so as to keep them fit for wheeled traffic.

10. *Arboriculture.*—No new trees were planted during the period under report. The trees planted during the past few years number about 14,000, and such funds as could be spared were devoted to maintaining these trees. Further planting cannot be undertaken until the present trees have grown sufficiently so as to be out of danger.

11. *Nursery garden.*—The Road Cess office compound has been utilized as a nursery garden, and contains about 500 jack and mangoe seedlings and 200 eucalyptus plants. All the young plants are doing well.

12. *Staging Bungalows.*—The only staging bungalow in the district is situated at Ramghur. The receipt from the bungalow amounted to Rs. 82-8, and the expenditure, on account of maintenance, &c., to Rs. 56-12.

13. All the works in the district, excepting the maintenance of trees, which is done departmentally, were executed by contracts.

14. A sum of Rs. 3,500 was placed at the disposal of the Branch Committee for repairs to village roads during the cess year 1886-87. Of this a sum of Rs. 2,405 was allotted for repairs and Rs. 656 reserved for meeting the cost of establishment and office contingencies, leaving an unallotted balance of Rs. 439, which was kept back for expenditure in the rains. There was considerable delay in getting work started this year as the Sub-divisional Officer was new to the sub-division; and when he took charge in the latter part of October, he found that estimates had not been prepared for all the roads for which allotments were required, and there was therefore great difficulty in obtaining tenders for carrying on the work by contract. The bulk of the road for which allotments were made was, however, completed before the close of the cold weather; but it could not be checked before the half-year came to a close, and consequently a very small portion of the allotment was actually disbursed during the period under review. Repairs were done to 17 roads, on account of which Rs. 2,405 had been allotted. The total amount actually disbursed by the Branch Committee during the half-year was, for the reasons above stated, only Rs. 213-10, and almost all of this was spent in paying the establishment which consisted of a Sub-Overseer on Rs. 35, a clerk on Rs. 15, and a mali for looking after trees on Rs. 3.

15. The District Engineer, Mr. Gantzer, is, as reported last year, an efficient officer, and takes an interest in his work. He gave satisfaction during the year. The staff under him worked fairly well. As regards the sub-divisional establishment, the Sub-divisional Officer remarks as follows:—

“The Branch Committee's establishment did not work satisfactorily. The Sub-Overseer in particular did not shew any energy or zeal, and is not a competent man; but it is doubtful whether the salary the Committee can afford from its limited funds is sufficient to attract any one able to do the work with even tolerable efficiency. It would conduce to efficiency if he were placed under the District Engineer, who could then utilize his services to the best advantage, and the Branch Committee would then deal directly only with District Engineer.”

From—LIEUT.-COLONEL E. G. LILLINGSTON, Deputy Commissioner of Lohardugga,
To—The Commissioner of Chota Nagpore.

REFERRING to Bengal Government Circular No. 6, dated 29th March 1887, received with your memorandum No. 2D.R., dated 6th April 1887, and subsequent correspondence, I have the honour to submit the following report on the operations of the District Road Fund from 1st October 1886 to 31st March 1887.

* * * * *

3. During the half-year under report there were three meetings of the District Committee, of which one was special and two ordinary. One ordinary meeting was adjourned for want of a quorum. The average attendance was the same as that of the last year. Five new members have been appointed in the places of those who were removed under section 115 for not attending six consecutive meetings. Regarding Palamow Branch Road Cess Committee the result was the same as last year.

4. A summary of the business transacted at the meeting of the District Road Cess Committee is given below:—

- (a).—To pass the revised budget estimate.
- (b).—To fix the rate of road cess to be levied during the year.
- (c).—To pass the annual account for 1885-86.
- (d).—Passing estimates of different works for 1886-87.
- (e).—To dispose of other miscellaneous cases.

5. G. W. Place, Esq., c.s., Joint-Magistrate, held the office of Vice-Chairman throughout the half-year.

6. The demand on account of cess on lands and mines during the half-year amounted to Rs. 49,056.

7. The total amount recoverable during the half-year under the head of cess on lands and mines, including arrears of last year, was Rs. 49,123. Out of this amount Rs. 48,475 were collected, the balance outstanding on the 31st March last being Rs. 649. In addition to the above, a sum of Rs. 1,968 was collected during the half-year on account of the ensuing year (1887-88).

8. The cess was levied at the maximum rate. There was no difficulty in collecting it at head-quarters. In the Palamow sub-division also the payments appear now to be more punctually made than before.

9. *Original Works.*—No original work was undertaken during the half-year under review, but the expenditure shewn under this head represents a portion of the work executed in excess by the late District Engineer over the budget allotment of the last year ending 30th September 1886, which, on account of want of funds, could not be paid within that year, and had to be paid out of the budget allotment for the year commencing with 1st October 1886.

10. *Plantation.*—Nothing has been done in plantation work during the last half-year. Only the plants which died have been renewed, and those planted at the end of the last year were maintained and new gabions and supports furnished to them.

11. *Repairs.*—Sanction to the budget estimate was not received before the end of December 1886. Works were let out on contract at the end of January, and so contractors could not commence these works earlier. For this reason much work under this head could not be executed. The roads, however, were kept passable for traffic by surface dressing, easing the approaches at the crossings of rivers and nullahs, filling up breaches, holes, and repairs to, or reconstruction of, the temporary bridges. Much of the works executed during the half-year was not paid for to the contractors before April last, and consequently the accounts do not show the full equivalent of works undertaken.

12. *Village roads*.—The same remarks apply as for repair work. Angara and Getulsudh village road, which was taken in hand last year, was completed with five culverts of dry rubble and flagstone.

13. *Accounts*.—The monthly accounts of the Road Fund and of the District Engineer's office were examined by the Vice-Chairman alone, for the reasons reported in the last annual report.

14. The local Auditor inspected this and the District Engineer's office on the 26th April 1887, and the result was satisfactory as far as this office is concerned. Some defects were pointed out concerning the District Engineer's office, which were attributable to the lax way in which the late District Engineer managed and supervised his works. They, however, do not exist at present, and the present District Engineer has been warned not to fall into the errors committed by his predecessor.

15. The establishments required under the Road Cess Act are—

- (a) Establishment for collection of revenue.
- (b) Committee's office establishment.
- (c) Engineering establishment.

16. The establishment for collection of revenue at head-quarters consists of one head clerk and accountant, one assistant clerk, one mohurir and one peon. The officers also do the work connected with the Committee's office, for which there is no separate establishment. The establishment under the Sub-divisional Officer of Palanow consists of one clerk, one mohurir, and one peon.

17. The head clerk and accountant Baboo Nundo Lal Chatterjee has given complete satisfaction during the past six months. The Auditor found the accounts well and accurately kept.

18. The District Engineer, Baboo Jugadish Chander Roy, joined in the latter part of November 1886, and has made progress in his office work. As far as I have seen up to the present time he seems to be a competent man and takes an interest in his work.

19. The District Engineer reports that all the establishment employed under him worked fairly well.

20. The roads, bridges, culverts mentioned in the budget estimate for 1887-88 (sanctioned by Government) are the works proposed to be taken in hand during the year 1887-88.

21. The works have all been executed by contrast during the half-year under report, and the small sums advanced to contractors and planters have been adjusted, except in a few disputed cases.

N. L. CHATTERJEE, D. C. BOSE, } Members. G. W. PLACE, E. G. LILLINGSTON,
 Accountant. K. C. GHOSE, Vice-Chairman. Chairman.

No. 67D.R., dated Purulia, the 17th June 1887.

From—E. N. BAKER, Esq., C.S., Chairman, District Road Committee, Manbhoom,
 To—The Commissioner of the Chota Nagpore Division.

WITH reference to your memorandum No. 43R.C., dated 28th ultimo, I have the honour to forward the District Road Committee's report for the half-year, from the 1st October 1886 to 31st March 1887, called for in Bengal Government's No. 2384 of 21st May last.

No. 66D.R., dated Purulia, the 13th June 1887.

From—H. W. HILL, Esq., M.B., Vice-Chairman, District Road Committee, Manbhoom,
 To—The Chairman, District Road Committee, Manbhoom.

IN reference to your endorsement, dated 31st ultimo, on Bengal Government's letter No. 2384 of 21st ultimo, I have the honour to forward the accompanying report on the working of the District Road Committee, roads &c., for the six months from 1st October 1886 to 31st March 1887.

Report of the District Road Committee of Manbhoom for the half-year from 1st October 1886 to 31st March 1887.

1. *Working of the Committee.*—The Committee met six times during the half-year under report, and there was no meeting without a quorum. The following is a summary of the work done by the Committee during the half-year:—

- (1) Passing of the monthly Road Fund accounts, audited by a Standing Sub-Committee, every month.
- (2) Passing annual accounts and reports of cess year 1885-86.
- (3) Discussion over the late Chairman's proposal for the construction of a separate building for the accommodation of the Road Cess, District Road Committee's, and Municipal offices combined. The proposed building to have a large hall as well to serve the purposes of Committee meetings and library, and as a permanent memorial at the same time of the Queen's Jubilee. The cost of the building to be met proportionately from the funds of the District Road Committee, the Municipality, and from the Jubilee Committee funds.
- (4) Re-nomination of the Vice-Chairman and members in accordance with sections 129 and 113 of the Cess Act IX (B.C.) of 1880.

2. *Branch Committees.*—None in this district; maintenance of village and other roads in the Govindpore sub-division being under the direct management of the Sudder Committee.

3. *Works done during the half-year.*—The annexed statement shows an abstract of all works done during the half-year, and their respective cost. The greater part of the expenditure represents payments made for works provided in the budget of the previous cess year ending 30th September 1886, which, for unavoidable delays, could not be entirely finished and paid for before the close of that year.

(1a.) On account of the unusual delay in obtaining sanction to the budget now in force, the ordinary annual repair work could not be taken in hand earlier than the last week of April 1887. For this reason the expenditure out of the above budget provisions during the half-year is so very small, consisting, as it does, chiefly of wages of chowkidars for the different bungalows, and charges for temporary work establishment entertained for watering young plants and looking after them. Excluding the above, the only important work done during the period under report is the survey and levelling of some of the proposed railway feeders.

For the reason stated in paragraph (1a), and on account of the unavoidable delay in appointing a surveyor, this work also did not progress as well as it should have, if it were taken in hand in proper season. The total length surveyed within the half-year was about 25 miles.

(2a.) No payments for works in the Govindpore sub-division were made, nor anything expended out of the budget provision now in force.

Brief Statement of District Road Works, Munbhoom, for the half-year ending 31st March 1887.

Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess office, and for the office of the District Engineer, are duly kept up, and that they have been posted for the half-year 1886-87, from 1st October 1886 to 31st March 1887, and they have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's abstract of the account of the Committee for the half-year has been duly received and checked with the cash and pass-books, and found to agree therewith, except in respect of the amount of imprest in the hands of the Accountant, which has been duly noted in the cash-book.

That the vouchers for the payments of the half-year have been cancelled; that none but duly sanctioned expenditure has been incurred, and that, in the case of original works, the Register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year; and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

* Road Cess Office:—(1) Cash-book; (2) Cash-abstract; (3) Register of monthly receipts and expenditure; (4) Account of deposits; (5) Account of advances.

District Engineer's Office:—I. Accounts, viz.,—(1) Files of contract certificates, (2) Files of bills for purchases or purchase lists, (3) Files of day-books, (4) Files of establishment bills, (5) Files of acquittance rolls; II. Books, viz.,—(2) Register of bills passed, (3) Register of works and repairs, (4) Register of tools and plant.

Explanatory Note.

The expenditure under head Original Works in connection with the gravelling portion of the Roghoonathpore-Bankura road and in constructing wells represents payments made during the period under report for works provided for, and chiefly executed during the preceding year.

The excess expenditure in some of the items of repair works is apparent but not actual, as the budget provision shown in the statement is for the year under report, whereas the expenditure includes payments for works provided for and chiefly done in the previous year.

No. 59, dated Chyobassa, the 29th July 1887.

Memo. by MAJOR H. BOILEAU, Deputy Commissioner, Singhbhum.

COPY of the following forwarded to the Commissioner of Chota Nagpore, with reference to his Memorandum No. 51D.R., dated 11th June 1887 and subsequent reminders.

Working of the District Road Committee for the half-year ending 31st March 1887.

Two meetings were held, six members were present, and passed the following Resolutions:—

1st.—That the road cess be levied according to the maximum rate fixed by Government, i.e., one half-anna on each rupee of the annual value of lands and of the annual net profits of quarries and jungles.

2nd.—That the annual accounts and report for the cess year 1885-86 be passed.

That the savings under the head of village roads out of the allotment for the year 1885-86 be utilized in improving the Soobornarekha ghât by casing the slopes.

That a sanction of Rs. 96 be given for the purchase of an iron safe for the safe custody of public money placed in charge of the District Engineer.

Supplementary report of road operations during the half-year ending 31st March 1887.

No. 1.—Midnapore Road, 71 miles.—A sum of Rs. 3,687-12-0 was expended on this road during the half year. Roughly this was distributed as follows:—

	Rs.	A.	P.
Repairs to bridges.—Five bridges and six culverts	503	9	8
General maintenance.—Gravelling, earthwork, dressing, turfing, &c.	3,184	2	9

Five miles were completely gravelled and a considerable quantity of gravel was collected to be spread as funds permitted. One shelter-house was begun.

No. 2.—*Norsinggur to Baharagoora road, 21 miles.*—Rupees 403-5-6 were expended for maintaining this road. One culvert was repaired.

No. 3.—*Barakar road, 29 miles.*—The sum of Rs. 1,066-13-6 was spent during the half-year. Seven miles of the road were gravelled, two shelter-houses were begun, diverting the road across the hill on the south bank of the Soobornarekha river was in progress.

No. 5.—*Bandyann road, 44 miles.*—Rupees 815 14-3 were spent on this road. One shelter-house was begun at Mylepiri.

Gorjun and Goodri roads.—Rupees 83-14 were expended. 61 culverts were repaired.

Village roads (6 and 10, 21 and 23).—Rupees 280-2-9 were spent on 9 miles of road from Tandanghatee to Bandgaon opened out.

Arboriculture.—All the existing plants were properly fenced with bamboo enclosures. A sum of Rs. 125-5-3 was expended under this head.

Thus a total of Rs. 6,463 was expended during the six months under report. This does not include establishment, &c.

The District Engineer, Upendra Nath Banerjee, left the district on the 14th March 1887. He left no notes behind him which could be of any service in preparing this supplementary report, nor does he appear to have kept up any register of works. It has thus been impossible to give more than a rough account of work actually done during the half-year in question.

CHYEBASS

The August 1887.

H. BOILEAU,

Chairman, District Road Cess Committee, Singhbhum.

No. 179R.C., dated Ranchi, the 3rd November 1887.

From—C. C. STEVENS, Esq., C.S., Commissioner of Chota Nagpur,

To—The Secretary to the Government of Bengal, Public Works Department.

IN reference to the Government Circular No. 6, dated the 29th March last, I have the honour to submit herewith in original the annual accounts and reports of the several District Road Committees in this division for the half-year ending March 1887.

2. The following statement shows the number of members in each Committee and their average attendance at meetings during the half-year under review.

COMMITTEES.	No of MEMBERS.		Number of meetings held.	Average attendance
	Official,	Non official		
Hazaribagh	8	17	3	9.3
Lohardugga	3	4	3	4
Manbhoom	5	11	6	5
Singbhoom	4	11	2	6

3. At each meeting of the Committees of Hazaribagh, Manbhoom and Singbhoom there was a quorum. In Lohardugga one ordinary meeting had to be adjourned for want of a quorum, and five new members had to be appointed in place of those removed on account of their absence from six consecutive meetings.

4. The cess was levied during the half-year at the maximum rate in all the districts in the division. The aggregate receipts during the past half-year amounted to Rs. 1,55,722-8-4, inclusive of Rs. 12,458-3-0 the opening cash balance at its commencement, and Rs. 4,098-10-8 the receipts under the heads of 'advances' and 'deposits.' The total expenditure, including advances and refunds of deposits, amounted to Rs. 51,666-10-5, leaving a balance of Rs. 1,04,055-13-11 at the close of the half-year.

5. *Original Works.*—The total expenditure on account of original works in the several districts amounted to Rs. 4,925-5-6. In Hazaribagh and Lohardugga the entire amounts, Rs. 319-3-0 and Rs. 2,418-13-1, shown under this head represent payments on account of works done during the past year. In Manbhoom, out of the Rs. 2,029-12-11 shown under this heading, Rs. 322-6-1 was on account of surveying and preparing projects for the proposed railway feeders, and the rest on account of works provided in the budget for the year ending September 1886. In Singbhoom the amount of Rs. 127-8-6 shown under it represents the cost of improving the Subornoekha ghât.

6. *Repair Works.*—The amounts expended under the head of 'repairs' were—

Rs.	A.	P.	
2,115	11	9	in Hazaribagh
4,361	7	10	„ Lohardugga
8,515	15	4	„ Manbhoom, and
6,463	5	3	„ Singbhoom.

These amounts include, respectively, Rs. 213-10-0, 693-5-4, 816-12-0, and 280-2-9 spent on the maintenance of village roads. In Hazaribagh all the repairs estimated for during the past half-year have been nearly completed; whilst such works as tiling, gravelling, &c., are still in progress. In this district the state of most of the roads is generally good, and all of them are suited for wheeled traffic. In Lohardugga the works were let out to contractors at the end of January, as sanction to the budget was not received by the Deputy Commissioner till after the close of December. The result was that much work under this head could not be executed during the half-year. The accounts, however, do not shew the actual liabilities incurred, as full payment for the work executed during the half-year was not made till after the close of it. The roads in this district were in a passable state. In Manbhoom, out of the Rs. 8,515-15-4 shewn under this head, Rs. 8,242-4-10 represents the expenditure on account of works provided in the budget for the year ending September 1886, which could not be finished and paid for during that year, and the remainder Rs. 273-10-6 consists chiefly of wages of chowkidars for the different bungalows and charges for temporary work establishment entertained for watering young plants and looking after them. Besides these amounts, Rs. 1,230-15-1, 300 1-2 and 198-6-11 were respectively spent during the half-year on account of repairs to serais, repairs to bundhs, and construction of staging houses. No repair work could be taken in hand in this district during the half-year on account of the delay in obtaining sanction to the budget. In Singbhoom, out of the Rs. 6,463-5-3 shewn under this head, Rs. 3,687-12-0 were spent on the Midnapore road, Rs. 403-5-6 on the Nursinggur-Baharagorah road, Rs. 1,066-13-6 on the Barakar road, Rs. 815-14-3 on the Bundgaon road, Rs. 84 on the Gurjan and the Jyutgur roads, Rs. 280-2-9 on village roads, and Rs. 125-5-3 on Arboriculture.

7. *Arboriculture.*—No new trees were planted during the half-year. The trees planted previously were properly maintained.

8. *Establishments.*—The establishments under the several District Road Committees as a rule worked fairly well during the half-year under review; the Sub-Overseer of Giridih and the late District Engineer of Singbhoom have not been favourably mentioned.

LAND SALE NOTICES.

NOTICE is hereby given that the undermentioned plots of lands situated in pergunnah Champur, which are no longer required by Government for the purpose for which they were acquired, will be put up to public auction at the Shikhabad Collectorate on the 8th June 1888, at noon, and will be sold to the highest bidder on the conditions specified below—

- (a)—On the termination of the sale the auction purchaser will be required to deposit a sum equal to one-fourth of the purchase money failing which the land will be resold immediately.
- (b)—Within a period of 30 days from the date of sale the auction purchaser must pay the entire amount due from him on account of the sale, in the event of his failing to pay in the money within the prescribed time, the deposit of one fourth money will be forfeited by him and the land resold.
- (c)—If the price obtained by the second sale falls short of that offered at the original sale, the first auction purchaser will be required to make good the difference.

Maps of the several plots to be sold are available for inspection in the office of the Collector.
